## Music List

Our Music List is a reflection of our most requested titles from all decades and genres.

All of the songs on this list WILL be brought to your event. When choosing your requests, select danceable songs that all of your guests will enjoy. Since we can only play approximately eighteen songs per hour, it is important that you choose songs that have the highest response to your celebration.

Additional titles are available upon request. Simply let us know if there are additional songs you would like at your event.

In order to meet your special requests, please return this list to our office at least 10 days prior to your event.
