"This was the first wedding that we organized. Communication and paperwork with some vendors was difficult at best. However, working with TKO was anything but difficult. We can't express enough how much we appreciated your professionalism and organization. We will be more than happy to use your company in the future and recommend you to anyone we know needing your service."

"What a wonderful time we had at our daughter's wedding reception! Our DJ helped keep us on target all night long and interacted with our guests in such a friendly yet professional way. He was very respectful and helped us stay focused the entire evening. All our guests have commented on the great time they had at the reception. The music flowed and the evening passed so quickly most of the younger guests were sorry the evening came to an end! You provided a memorable evening for our families!"
